NCPALYLL – Game Cancellations Due to Rain/Weather

In the event that a **HOME GAME DIRECTOR** feels that the game must be cancelled due to field conditions caused by rain/weather, the **HOME GAME DIRECTOR** is to call the officials at least 90 minutes in advance of the game (two hours would be preferred, but we understand the director wanting to wait as long as possible before making the call.) A phone call from the **Home Game Director** to the officials will keep the officials from driving to the location.

The Home Game Director must contact the Opposing Team Director and Coaches with the same amount of notice as is given to the officials.

The **Home Game Director** must send a HORIZON MESSAGE to the officials advising them of the same. The time on the Horizon Message will be the official time used for the weather cancellation.

The Home Game Director must also send an email to the following email addresses advising of the game cancellation:

- sulli6@optonline.net
- registrar.pallongislandlax@gmail.com
- seeding.pallongislandlax@gmail.com
- nyr425@yahoo.com

The email should indicate the GAME NUMBER and that there was a rain-out so the game can be removed from Horizon. Please also indicate in the email the time you called the officials and sent the Horizon message to the officials.

**ONLY DIRECTORS MAY CANCEL A GAME DUE TO WEATHER.
ONLY DIRECTORS MAY CALL THE OFFICIALS TO CANCEL A GAME DUE TO WEATHER.**

There should never be any other phone calls to officials. Other schedule issues such as game changes, etc should be done through email only to the email addresses above. **The officials should NEVER be receiving calls from coaches.**
